

# NEW DISCOVERIES

## 2007 Kickoff of Discovery Club

The Discovery Club of the First Baptist Church of Florence, NJ has kicked off it's new 2007 season by starting a newspaper. The Editors will be the members of the Discovery Club with the help of Miss Marsha and Miss Carolyn.

All the students of the Club will interview people in the Bible and report what they have done. Their first interview will be with Zacchaeus who lives near Jericho. We already know that Jesus of Nazareth is in that area and plans to have dinner with Zacchaeus. We look forward to the

completion of this interview and finding out what happens after Zacchaeus meets with Jesus.

Also at the first meeting, the Club will learn about the Turkey Buzzard. As many may know, this is the big black bird that flies around the Church and lives in the trees in the park.

As ugly as this bird is, it serves an important part in God's plans and in cleaning up the town.

How would you like to be the last one that gets to

eat every time you are hungry? We'll find out why this happens to the Turkey Buzzard.

All students through sixth grade are invited to join us for the fun at The Discovery Club.

Newspaper Startup at First Baptist.
